

Weill Cornell Medicine Data Safety Monitoring Board (WCM DSMB) Multi-site/arm Protocol Enrollment Summary Table

Instructions: Report the enrollment numbers for row (see WCM DSMB Protocol Enrollment Summary Table for category definitions). Each column (denoted by Arm A, B, C, etc.) corresponds to a treatment arm (e.g. placebo, study drug X, Y, etc.). Complete one table for each study site, using as many tables/forms as needed. Attach the completed tables as a single PDF document to the electronic Periodic Report Form (ePRF). Please contact dsmb@med.cornell.edu for assistance.
